

## Central Illinois Autism Association

### Inaugural Golf Outing

#### Sponsorship Tiers

The mission of the Central Illinois Autism Association is to provide information and support to individuals affected by autism spectrum disorders, their families, friends and the professional communities with whom they interact through public awareness, education, legislation and research.

We are currently seeking additional funds to further our community reach by hosting our first ever golf tournament! Funds raised during this event will be used for grant funding to support those with Autism Spectrum Disorders in the home, school, and in the community.

We are inviting individual and corporate sponsors to be involved in a 3-tiered opportunity for this event on June 24 at Pine Lakes Golf Course in Washington, IL.
